Marine solutions

By its nature, the marine industry is challenging. Vessels, crew and cargo are exposed to a range of risks in port and on the high seas.

Industrial and machinery breakdown

Our adjusters and surveyors have many years of experience in marine claims management. Through our global network of specialists with in-depth technical expertise, we can quickly assemble the right team to support any claim, anywhere.

Our team is also well-equipped to help clients handle ever-changing marine regulations and environmental policy issues that can impact claims.

We have experience in a broad range of marine claims services, including:

- Loss control / risk management
- Ocean cargo, motor truck cargo, inland marine
- Stock throughput
- Recovery and subrogation

Our team is a centre of excellence, always collaborating on the most efficient ways to handle complex cases and sharing best practices and professional knowledge.

Whoever you work with at Sedgwick, you will experience a high level of service and standards that are consistent across Germany and the world.

Prompt, high-quality service

Our marine experts provide a fast, consistent service. We ensure high-quality service for customers by following established processes and enlisting the right professionals every time.

Global solutions, local expertise

Many parties in multiple locations are involved in the supply chain, often with conflicting interests. The shipping and storage of goods is subject to complicated national and international rules and regulations.

Sedgwick can help you centralise and simplify your global strategy in marine and beyond.

With experts in 80 countries around the world and a full spectrum of services in liability, property, marine and other lines, we have the reach and knowledge necessary to quickly respond to your needs.

Reservoir of resources

The marine specialist practice group is one of the largest global teams at Sedgwick. We're well positioned to handle all manner of marine claim needs, from a single local German kinds to fully serviced global accounts.

As part of a worldwide network, we access additional resources and expertise wherever and whenever they are needed. A loss that occurs due to an explosion whilst unloading a tanker at the terminal, for example, may need not only a marine specialist, but also a personal injury, business interruption or environmental specialist.

Ready where you need us

Sedgwick is the largest claims management and loss adjusting provider in the world, with client relationships that have stood the test of time.

If you would like to assign a claim, get some advice or simply find out more about how we work, please contact us.

What we do and how to get in touch

From local German operations to global accounts and high-end casualties, our marine practice is structured to make sure the right people are in the right place at the right time – fast.
